RE: **Water Quality**

Background:

At the March 2016 Operations Policy and Planning Committee meeting, I provided a backgrounder on the District's new requirement to test all facilities for water quality issues associated with lead. I indicated that in advance of a meeting with VIHA, required by the Ministry directive, we were planning a District testing regime. I also indicated that the District has utilized best practices, flushing our water systems each day to ensure that standing water is evacuated prior to consumption. Finally, I indicated that while limited testing had occurred in the District, the testing that had occurred
